

DIYA PATEL

QA Engineer | Manual & Automation Testing

+91-9558168726 | pdiya2103@gmail.com | Gandhinagar, Gujarat | linkedin.com/in/diya-patel-863417281

PROFESSIONAL SUMMARY

Result-driven MCA student with hands-on experience in end-to-end software testing for web and mobile applications. Proficient in SDLC, STLC, test case design, defect tracking, and bug reporting. Skilled in automation testing using Selenium and Katalon Studio, and API testing using Postman. Developer knowledge in Java, Python, HTML, CSS, and PHP enables deeper root cause analysis and more effective testing. Passionate about delivering high-quality, defect-free software products.

TECHNICAL SKILLS

Testing Tools	Selenium WebDriver Katalon Studio Appium Postman Mantis Bug Tracker
Testing Types	Manual Automation Functional Regression Smoke Sanity API Mobile
QA Processes	SDLC STLC Test Planning Test Case Writing Defect Tracking
Programming	Java Python HTML CSS PHP

CERTIFICATIONS

Software Engineering Fundamentals – Software Development and Testing	Infosys Springboard
Software Testing Fundamentals	Infosys Springboard
Test Automation: Automated Software Testing	Infosys Springboard
Appium Mobile Automation – Android & iOS + Frameworks + CI/CD	Udemy

ACADEMIC PROJECTS

Online E-Book Store Management System | QA & Testing

- ✓ Developed a web-based E-Book Store Management System using PHP, HTML, CSS, and MySQL.
- ✓ Implemented features such as user login, book browsing, book download, rating system, and preview restrictions.
- ✓ Performed functional and regression testing to validate application functionality and user workflows.
- ✓ Identified, reported, and tracked defects through structured bug reports.
- ✓ Validated payment flow, user authentication, and session management for a secure user experience.

Online Home Service Booking System | QA & Testing

- ✓ Developed a web-based Home Service Booking System using PHP, HTML, CSS, and MySQL.
- ✓ Implemented features such as service selection, date/time scheduling, user registration, and online payment.
- ✓ Performed functional, integration, and cross-browser testing to ensure smooth application performance.
- ✓ Tested booking workflows, payment processing, and input validations for different user scenarios.
- ✓ Identified, reported, and verified defects to improve application quality and user experience.

EDUCATION

Master of Computer Applications (MCA) <i>A. M. Patel Institute of Computer Studies, Ganpat University</i>	2024 – 2026 (Ongoing) CGPA: 8.60
Bachelor of Computer Applications (BCA) <i>Bholabhai Patel College of Computer Studies, KSV University</i>	2021 – 2024 CPI: 9.24 87.40%
HSC – Commerce <i>N. K. Solanki School of Commerce, Gandhinagar</i>	2020 – 2021 86.14%

KEY STRENGTHS

✓ Strong analytical and bug-detection mindset	✓ Quick learner — adapts to new tools and frameworks
✓ Developer background enables deeper testing insight	✓ Excellent documentation and communication skills
